Transcription of voicemail I just got. Straight up bullshit fear-mongering to suppress voting.

"Hi, this is Tamika Taylor from Project 1599. The civil rights organization founded by Jack Burkman and Jacob Wolfe. Mail-in voting sounds great. But did you know that if you vote by mail, your personal information will be part of a public database that will be used by police departments to track down old warrants and be used by credit card companies to collect outstanding debts. The CDC is even pushing to use records for mail in voting to track people for mandatory vaccines. Don't be finessed into giving your private information to the man, stay home safe and beware of vote by mail."

Footnote, Project 1599 is the group that was raising money for the legal fees to support Derek Chauvin (the cop that murdered George Floyd)

Um, yeah. It's called the Postal Service. They know  
where you live. It's kind of their job. Always has been.  
Sheesh.
